Presidents Report.

Yusuf Khatree

As-salaamu-Alaikum

I begin in the name of Allah (SWT), The Beneficent, The Merciful.

Peace and Salutations to our beloved Nabi, Prophet Muhammad (SAW), his family and companions.

I begin with the reminder to myself and all of us of verse 60 from The Holy Quran in Surah Tauba (Chapter 9):

“Alms are for the poor and the needy, and those who collect them, and those whose hearts are to be reconciled, and to free the captives and the debtors, and for the cause of Allah, and (for) the wayfarer, a duty imposed by Allah. Allah is Knower, Wise.”

This verse gives us clear guidance and direction to perform our duties in the work that we have chosen to do.

In our last magazine, we commenced by writing about the difficulty in securing additional accommodation based on cost and availability. But we persevered, and Alhamdulillah, our patience bore the desirable results. A change in the Logan City Council by-laws meant that we could build additional accommodation on our existing property and at an affordable cost. And Alhamdulillah, through the generosity of our donors, we managed to raise the required funds to pay for the new building. The progress is recorded with photographs in the magazine (see page 16).

This year saw an increase in request for our assistance. We have all experienced the higher cost of living with food, electricity and rentals reaching high amounts. This led to more families finding it difficult to manage on their meagre incomes. We had to also increase our food collections both in quantity and frequency. Requests for food cannot be ignored and individuals cannot be turned away when they reach out to us for food. Once again, our generous donors have never let us down and our appeal for donations is fulfilled within two days of asking. During the year, we also receive donations of meat and chickens which is also distributed to those requesting food assistance.

The extra food requirement meant that the clothing store had to be relocated to a new room built at the back of the existing house. This created a larger food area and a separate clothing/kitchen ware area. Alhamdulillah, once again with the community support both these areas are well stocked.

Our close relationship with Merciful Servants has been further strengthened with MCF members attending a food run once every quarter. This fosters a better working relationship between the two organisations and gives MCF members the opportunity to meet many individuals who are still homeless these days and rely on organisations for even their daily meals.

Over the years Muslim Charitable Foundation has continued to expand its co-operation with other agencies. Some of the organisations that we work with and assist with food hampers include:

- Red Cross
- World Wellness Group
- Sunnybank Special School
- Islamic Women's Association Australia
- Kuraby Special School

We also have a close relationship with many of the masajid in and around Brisbane and many of the outer lying areas in Queensland.

Going forward, in keeping with technology, MCF needs to invest in upgrading our website and payment portal. This will allow us to keep abreast of technology and make the receiving of donations easier to navigate for our donors. We have also purchased two new tap 'n go machines which are installed in two business houses. This is becoming a regular source of donations.

In another first for MCF, we hosted a very successful Jum'uah salaah at the Islamic College of Brisbane on the "Good Friday" public holiday. This allowed residents of Brisbane to enjoy a Jum'uah with their families in a facility with plenty of space and parking. It also afforded an opportunity for the community to contribute their Zakaat and Fitrah. Insha Allah, on 29 March 2024, the Muslim Charitable Foundation will once again be hosting a family Jum'uah salaah at the Islamic College of Brisbane.

I would like to acknowledge the on-going support and assistance that we receive from Muslim Aid Australia through their Queensland representative, Riyaad Ally. Our Memorandum of Understanding between the two organisations has been cemented by the mutual understanding and co-operation that exists between the organisations.

MCF is a volunteer-based organisation with no paid staff. MCF's group of volunteers and their families must be acknowledged for their selfless dedication and commitment. We work with one purpose and solely for the pleasure of Allah (SWT). My sincere appreciation to our donors, volunteers and many good wishers for their commitment and unreserved dedication. May Allah (SWT) bless and reward you all.

I remain your humble servant.

Yusuf Khatree – MCF President

13 September 2023

*Thank's to all our donors and volunteers for your valuable support
throughout the year*

Case Report.

1 July 2022 to
30 June 2023

Osman Rane

Housing Crisis.

"PLEASE HELP ME, I HAVE NO WHERE TO STAY". This has been the most challenging and confronting phrase I have heard in the past 12 months. The sound of a mother with four or five kids crying on the phone pleading for help as she is homeless and has nowhere to stay. Individuals and families, all have been affected by the housing crisis. My reply is we can only provide short term accommodation. If you can find a place we can assist with the bond to get you settled. Many of these people end up living with friends or in motel/hotel accommodation. Some have been lucky enough to find a place and others have stayed in our house.

We are currently experiencing the greatest and most traumatic event faced by families all over Australia and that is the lack of suitable housing and rising rents. Many of our local Muslim families have been affected. This is due to a number of events, mainly the sharp rise in real estate with investors selling their properties on the booming market and the tenant given notice to leave. We are getting calls almost daily. This has caused extreme stress and anxiety to those concerned. Those that do find a place are now paying much higher rent and subsequently seeking rent assistance from us.

Emergency Accommodation.

The living area upstairs has proven invaluable, providing emergency accommodation to the homeless or to those at risk. This year alone has seen the accommodation used sixteen times and eighty seven times since the house was purchased seven years ago. Some have stayed a week and some up to a month. The difficulty is finding another place. We are in the process of building a granny flat on the premises to allow several people at one time to stay. A small step, but better than nothing.

Poverty.

Economic hardship is perhaps the most confronting and challenging factor that a human being can face. It leads to depression, stress, anxiety, a feeling of hopelessness, family breakdown, domestic violence, substance abuse, homelessness, and sometimes suicide. Our community is not immune to this and our team is constantly reminded of the hardships faced by our Brothers and Sisters in our Community almost on a daily basis. This is not confined to migrants or refugees, but affects those that are born and raised here as well.

Client Assessment and Verification Process.

Most clients are assessed at the MCF office and provided with their needs, financial aid, food, clothes and furniture. We still have to make home visits occasionally. This financial year, our team investigated, interviewed and recorded five hundred and fifty five cases (555), an increase of 27% from the previous financial year (437). All of the above were provided with assistance dependent on their needs. All clients are required to produce bank statements to verify income and expenses. Most are recipients of Zakaat. If there is any uncertainty, then another account is used if warranted.

Visa Cancellations or Extensions.

This is perhaps the major contributor to a number of families and individuals seeking help. Some have had their visas cancelled even after having jobs and supporting themselves for many years. When they lodge an appeal they lose all income and work rights. Others have six monthly extensions added to their visas on a regular basis allowing them to work but find it impossible to find a job due to the uncertainty of their stay. They cannot pay rent, utilities or even put food on the table. If not for us and other Charities they would become homeless. MCF is paying all the living costs for many of these families on a continual basis. This can mean that MCF is paying around \$25,000.00 rent per year for just one family.

Rent Assistance.

We have seen rents rise and assistance increase again this year. Constant increases in the cost of living, means more people are finding it difficult to pay their bills, with rent being the largest single expense. Utilities are the next biggest expense. Those with no income and single parent families are the most vulnerable and with an increase in separations, divorces, domestic abuse, homeless cases and family breakdowns, it is usually the mother or wife left to manage on a very limited income. They cannot survive on Centrelink payments due to the high cost of living.

Medical Assistance.

MCF has assisted with medical procedures, payment of medical bills, including scans and operations, chemist scripts etc. We continue providing financial assistance to World Wellness Group who provide medical treatment for the most vulnerable people who do not have access to Medicare benefits.

Food Hampers / Food Distribution.

We also provide food, which includes meat, chicken, and a wide variety of groceries. Most of it is donated by our generous donors. During the year we distribute hundreds of food hampers throughout the community. Even organizations such as Red Cross pick up hampers every month to distribute to their mainly Muslim clients. May Allah (s.w.t.) reward all the donors InshaAllah.

We have maintained a strong bond with Muslim Aid Australia and Merciful Servants to provide food to the homeless and needy.

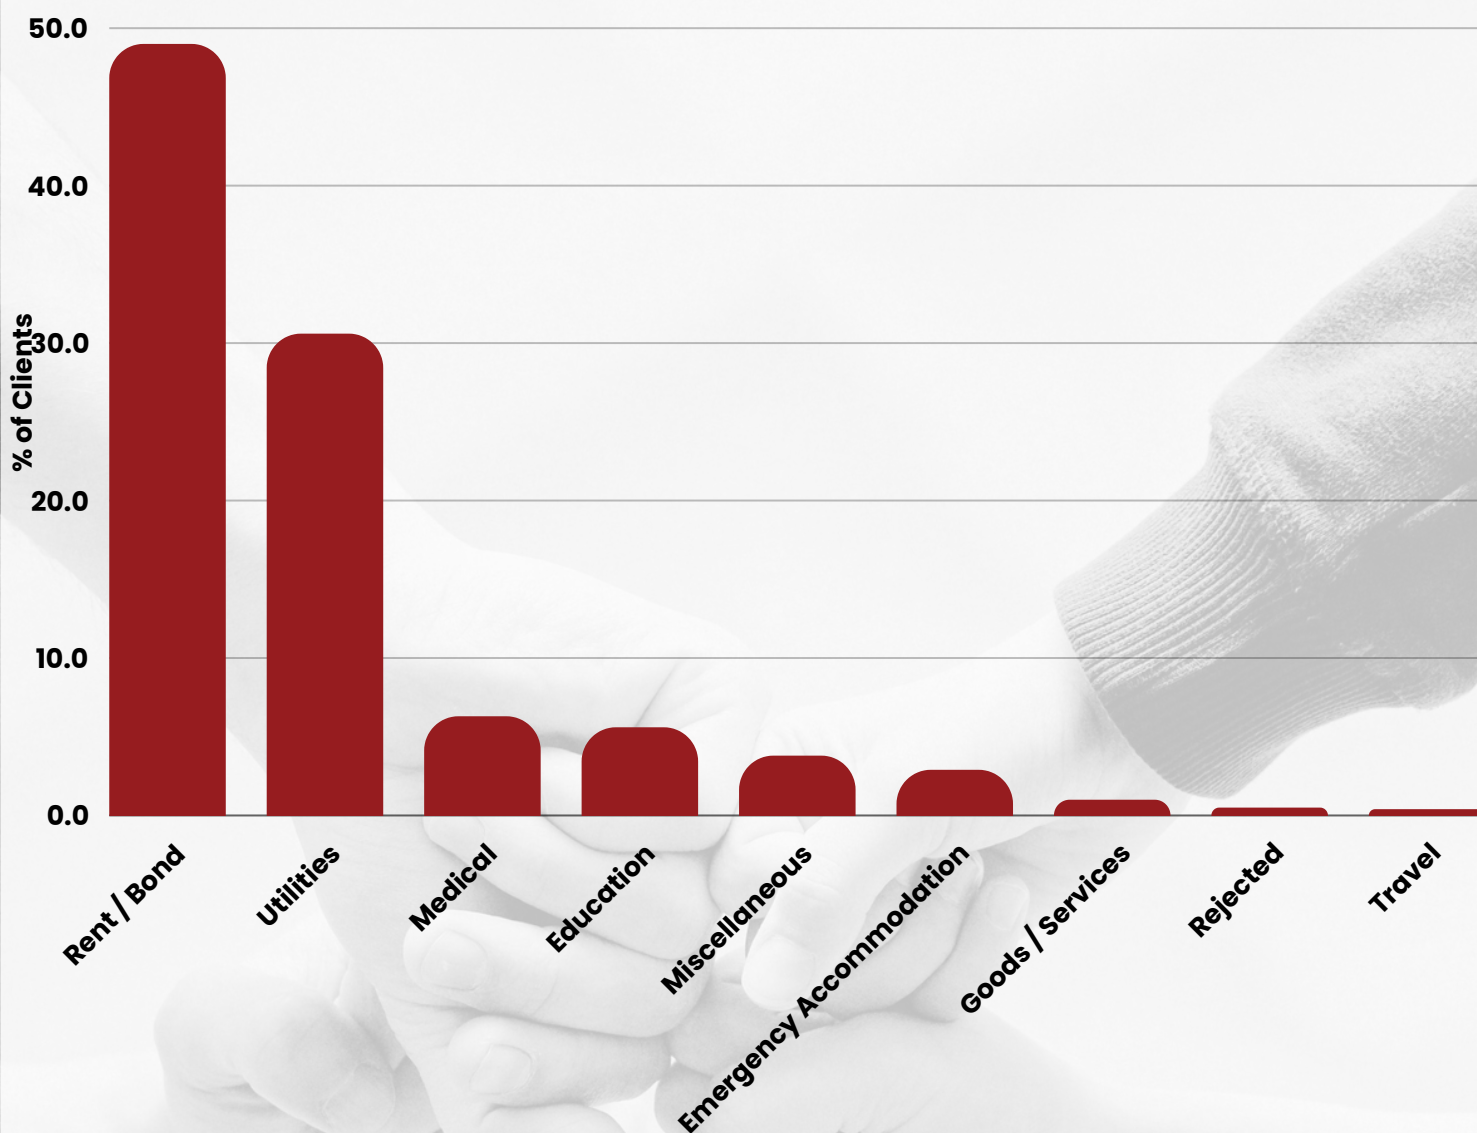

Referred Clients.

Many of our clients are referred to us from Government support agencies, (Red Cross, Romero Centre, World Wellness Group, Multicultural Australia, Hart 4000) Schools, Church groups, Hospitals, Aid workers, Imams, Mosque Societies, and various Community organisations.

Requests for help are received on a daily basis and actioned almost immediately. Much praise must go to all our members for helping with many of the cases.

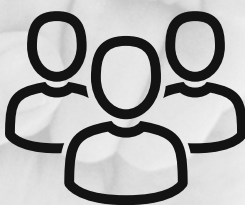

I thank Allah (S.W.T) for allowing me to do this work and all those who have contributed in any way. I pray for those less fortunate and humbly ask forgiveness for any mistakes made during the year.

Nurturing Hope and Healing.

A Year of Compassion and Transformation.

Hamza (Robbie) Maestracci – MCF Outreach Officer

In this annual report, we're sharing stories from the past year about the real challenges people in our community face and how the Muslim Charitable Foundation's Outreach Program has been making a difference.

Navigating the Path to Rehabilitation.

One story that stands out is a teenagers journey through detox and rehab. It wasn't smooth sailing; they faced some setbacks, but with MCF's support, they are making progress.

Addressing Mental Health Challenges.

We recently worked with a Muslim couple dealing with substance abuse and severe mental health issues. We connected them with a local medical practitioner and offered ongoing support as they navigate these challenges.

Families in Crisis.

Amid family crises, MCF has been a rock of support. One family, struggling with their child's drug-induced psychosis, found solace in our outreach. These stories highlight the need for support during tough times.

Tenacity and Triumph in Overcoming Addiction.

A person in their thirties, battling addiction for two decades, sought desperate help. MCF assisted in getting them into detox and rehab, showcasing the power of community support in overcoming long-term struggles.

Empowering Youth Engagement.

Collaborating with the UMB Youth Camp, MCF engaged with young minds. We tackled subjects like mental health and drug abuse, laying the groundwork for future leaders in our community.

Overcoming Rehabilitation Challenges.

Rehabilitation journeys aren't always smooth. MCF has been there through relapses and family dynamics, showing flexibility and commitment to those on the path to recovery.

Fostering Positive Change through Community Programs.

Supporting a previously incarcerated young person highlights MCF's commitment to second chances and empowerment through community programs.

Cultural Sensitivity and Strengthening Family Bonds.

Navigating family dynamics with cultural sensitivity is crucial. MCF played a role in fostering communication within a family, underlining the importance of understanding each other.

Holistic Support: Addressing Employment and Housing Needs.

Supporting a person post-incarceration involved helping with employment and stable housing, showcasing MCF's holistic approach to reintegration.

Triumphs and Setbacks in Rehabilitation.

The journey through addiction recovery has its ups and downs. MCF's unwavering support, patience, and personalised approach shines a light on the path towards recovery.

Championing Families in Crisis: The Need for Support.

These stories reveal the immense challenges families face dealing with addiction or criminal behaviors. MCF recognises these struggles and emphasises the need for robust support systems for families on these challenging journeys.

A Year of Growth, Unity, and Transformation.

As we wrap up the year, we celebrate the growth, unity, and progress witnessed through these stories. MCF remains dedicated to being a reliable support system for our community, always ready to lend a helping hand.

Treasurer's Report.

Sally Kuyateh

I am pleased to present the Treasurer's Report for the financial year ended on 30 June 2023, as well as the financial overview of our organisation's status and future outlook.

Australia Cost of Living at a Glance.

The cost of living in the year to June 2023, across the country continues to rise, as such prices for housing, utilities, petrol, and groceries continue to rise, compounded by a series of interest-rate hikes. In addition, low wage growth, a surge in migration and a chronic housing shortage have now produced both a cost-of-living crisis and a housing crisis. According to the National Australia Bank, 40 per cent of renters are dealing with very high levels of financial stress and many families are struggling to provide the necessity for their families.

Charitable Programs.

MCF volunteers and Management Committee Members were out in the community helping people in need. Emergency accommodation was provided to single mothers and families at the residence of the Foundation. In addition, rent, food, clothing, and medical assistance were also offered.

The Way We Work.

MCF continued to nurture existing partnership with other reputable organisations such as, Muslim Aid Australia, Queensland Muslims Inc, Red Cross, Multicultural Australia, Merciful Servants, World Wellness, and the Muslim Community. The partnerships have continued to provide positive outcome in the community, and this has strengthened the position of MCF as a trusted and reliable organisation to work with.

Financial Highlights.

Our financial position remains strong, thanks to the support of our generous donors and the prudent management of resources. We are committed to maintaining transparency and accountability in our financial operations.

The income from Zakaat, Emergency, and General Accounts decreased slightly by 3% in 2023 compared to 2022. Thanks to the continuous efforts of the Management Committee members and volunteers who, with all the challenges faced came up with innovative ways of continuing to raise funds and educate the community about the good work that MCF is doing to help the less fortunate in our local community.

On the expenditure side there are always unexpected environment and human disasters that occur and requires our support. The number of local clients requiring support for rent, electricity, vehicle registration, medical expenses, food, educational expenses, and other living expenses has continued to increase. Our total distribution for the year increased by 38% compared to last financial year and the major increase is in the Zakaat distribution that increased by 18%.

Our Auditors.

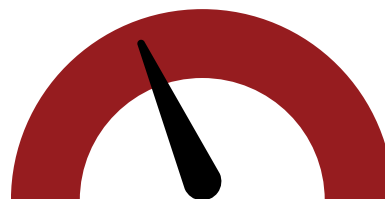

Norcrest Business Services undertook the 2023 financial year audit and confirmed that the financial reports have been prepared, in accordance with Division 60 of the Australian Charities and Not-for- Profits Commission Act 2012 and they are satisfied that the audit evidence that they obtained is sufficient and appropriate for them to provide an excerpt for qualified opinion.

I would like to express my sincere gratitude to our dedicated team, volunteers, and donors who have made our success possible. Your continued support is invaluable, and we look forward to another year of making a positive impact in our community. Thank you for entrusting me with the responsibilities of Treasurer.

Empowering Change.

Since Mid 2022, each term, AIIC (Australian International Islamic College) has run a community car wash or gold coin donation day to raise funds for MCF. AIIC does this to encourage and inspire our youth to continue the invaluable work MCF does for our community.

Each week, AIIC also delivers a large food hamper to the MCF Halal food bank.

Letter From a Student at AIIC

Helping MCF Australia has been an incredible fulfilling experience for me, bringing me immense happiness and a sense of pride. Being able to contribute to the betterment of our community and support those in need has enriched my life in numerous ways.

This taught me the true essence of selflessness and kindness. Witnessing the impact of our collective efforts on individuals and families in need sparked an indescribable joy within me. It reinforced my belief in the power of compassion and reminded me of the blessings we often take for granted. Furthermore, engaging in acts of service through MCF aligns perfectly with our deen. Our faith teaches us the importance of serving others and being accountable for our actions. By actively participating in community projects, we demonstrate our commitment to practicing Islam not only in private, but also in a public and impactful manner. This involvement strengthens our connection to Allah and reinforces the values that lie at the core of our religion.

Our guest speakers (Aunty Janeth and Br. Riyaad) provided invaluable knowledge and inspiration. Their insightful talks encouraged us to become better Muslims, inspiring us to embody the teachings of Islam and to volunteer selflessly. Their stories and experiences served as a reminder that we all have the power to make a difference, regardless of our circumstances.

Thank you for this wonderful opportunity.

Food Distribution to The Homeless.

Muslim Charitable Foundation volunteers joined hands with the compassionate team of Merciful Servants at Roma Street Parklands to distribute essential food items to individuals facing hardship. Together, we are making a meaningful impact in the lives of those in need, providing not just sustenance but also a message of care and solidarity. Your support fuels these collaborative efforts, transforming simple acts into powerful expressions of compassion. Thank you for being a driving force in our mission to bring hope and assistance to our community.

Building Hope.

Alhamdulillah, construction for additional accommodation on our property is now underway as we publish this magazine. Generous donations from our kind supporters have enabled us to raise the necessary funds for this expansion. The new accommodation will serve as a refuge for victims of domestic violence, families in need of emergency housing, single parents, and others facing challenging circumstances. Together, we are building a foundation of hope and resilience, one that will leave a lasting impact on the individuals and families we aim to serve.

Empowering Asylum Seeker Healthcare.

In our ongoing commitment to fostering a community of care, Muslim Charitable Foundation has proudly supported World Wellness Group (WWG), a non-profit organisation dedicated to addressing the healthcare needs of asylum seekers.

Our contributions have played a pivotal role in funding crucial aspects of their healthcare program, including medications, pathology services, radiology, optometry, and dentistry.

These efforts aim to provide essential medical support to individuals seeking asylum who may face challenges accessing standard healthcare services due to Medicare ineligibility. Through collaborative initiatives, we are working towards ensuring the well-being of those in vulnerable situations, fostering a foundation of compassion and support for those in need.

A Gift of Mobility.

In a heartfelt gesture aimed at enhancing the quality of life for a deserving family, Muslim Charitable Foundation proudly contributed towards a specially fitted vehicle.

This thoughtful contribution ensures accessibility for a disabled child, opening doors to newfound possibilities and facilitating seamless travel for the entire family.

Beyond the tangible gift of mobility, this act embodies our commitment to making a positive impact in the lives of those facing unique challenges, fostering a sense of inclusivity and support within our community.

Unity in Prayer.

In a spirit of community and solidarity, Muslim Charitable Foundation hosted a Jumu'ah Prayer which was held at the Islamic College of Brisbane on a public holiday during Ramadan which brought together residents from across the city. This special occasion not only provided a platform for collective prayers but also served as an opportunity for individuals to contribute their Zakaat and Fitrah, enhancing the spirit of giving during the holy month. The event showcased the power of unity and community engagement, fostering a sense of togetherness as residents gathered to observe this sacred time. Through moments of prayer and generosity, the Islamic College of Brisbane became a hub for connection, reflection, and support, embodying the true essence of Ramadan.

Nourishing Hearts.

In an ongoing effort to support families facing hardships, Muslim Charitable Foundation has initiated a monthly initiative delivering 10 food hampers to the Sunnybank State Special School in our community. This thoughtful gesture aims to alleviate the burden on families experiencing tough times, ensuring they have access to nutritious meals and essential provisions. Beyond the tangible impact, this initiative embodies our commitment to fostering a sense of community, providing comfort, and standing in solidarity with those who may be going through challenging circumstances. Together, we strive to make a meaningful difference in the lives of these families, one food hamper at a time.

Queensland Day Award '23.

Muslim Charitable Foundation has been awarded the Queensland Day Award 2023 in recognition of our valuable contribution to the local community.

This award is a testament to our commitment to making a positive impact in the community. We are proud to have been recognised for our efforts and will continue to work towards making a difference in the lives of those around us.

We would like to thank our dedicated team of volunteers who have worked tirelessly and to our donors for your support to make this achievement possible.

We look forward to continuing our work in the community and making a positive impact in the lives of those around us.

Annual Youth Camp.

Muslim Charitable Foundation is proud to contribute to the United Muslims of Brisbane (UMB) annual youth camp 2023. We believe that investing in our youth is an investment in the future of our community.

We are grateful for the opportunity to support this initiative.

Presentation at Red Cross.

Yusuf Khatree, President of Muslim Charitable Foundation, recently had the honor of presenting the essence of our organisation to the Red Cross.

The insightful presentation highlighted our mission, emphasizing the impactful work we do to assist those in need, fostering a spirit of unity and support within our community.

Syria and Türkiye Earthquake Response.

In response to the 2023 earthquakes in Syria and Turkey, Muslim Charitable Foundation, in collaboration with our partner organisation MAA International, swiftly provided crucial aid to affected communities. Addressing immediate needs such as emergency shelter, medical assistance, and essential supplies, our combined efforts reflect a commitment to solidarity and compassion. As we navigate the path to recovery, our mission remains unwavering—to stand together and rebuild, offering hope and support to those in the aftermath of these natural disasters.

Ramadan – Palestine 2023.

In the spirit of Ramadan 2023, Muslim Charitable Foundation with our partner organisation MAA International, extended essential aid to Palestine. Our mission aimed to bring immediate relief to those in need. This compassionate outreach reflects our commitment to making a positive impact during this sacred month, embodying the values of unity and generosity that define Ramadan.

Gaza Response 2023.

During October and November 2023, Muslim Charitable Foundation together with our partner organisation MAA International, were able to use donations to fund aid for Palestinians experiencing some of the worst violence seen in modern history.

thank you

Thank you to our donors for your generous support towards our ***Emergency Housing Project.***

Your contributions have helped us get one step closer to our goal of providing safe and secure housing to those in need.

We have commenced with the construction which is nearing completion.

We are grateful for your unwavering support and commitment to our cause.
